 WAVE

Protect your eyes and skin from the sun's burning rays.

Ask the lifeguard if it is safe to swim.

How many things are wrong in this picture?

Never swim alone.

**Watch out for deep places.
Swim in waist deep water
along the shore.**

WHISTLE

Keep our beaches clean and safe. Put rubbish and glass bottles in the rubbish can.

Do not dive into shallow water.

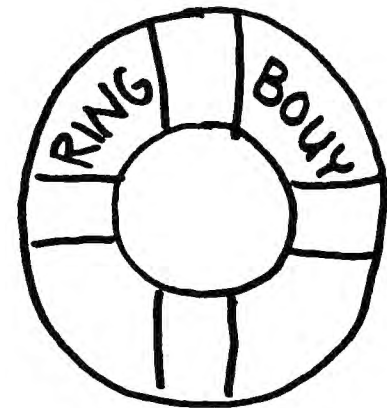

Do not go into deep water with a raft or flotation toy. Waves and wind can pull you away from shore. Rafts sink if they leak air.

Call 911 if you need help from the police, fire department, or if you need an ambulance.

If you are alone, give something that floats to a person in trouble.

If you get hurt, go to the lifeguard for first aid.

If you get lost, go to the lifeguard for help.

**Call for help if a person
is having trouble swimming.**
